OAKENDENE HERD REDUCTION

Roy Read founded this herd on females from his father's famous "Oakbluff" Shorthorns, the herd that has the envious record of producing the Grand Champion Shorthorn bull at the Manitoba Winter Fair for six consecutive years. Four of these years they were awarded the Cup for the Best Pair of Bulls. The families represented are the Rosewoods; Undines; Flowergirls; Butterflies; Ju's; and the Elizas and Goldendrops, both imported. As individuals, you will find the herd right full of quality. Reads have decided they must cut right down. They are retaining only the old BARTON CHANCERY (imported) and nine cows. Everything else is being sold, including all of their two-year-old and yearling heifers. These heifers are good.
